Participation conditions - to be effective with the start of activities on the: 1. The participation in diving activities and courses happens at one's own risk. I am aware that snorkeling and scuba diving are potentially dangerous activities with implicit stresses and strains. 2. I shall not enforce any liability claims against Daivoon or it's appointed staff members, except in the case of gross negligence. 3. In the event of an incident, I authorize the staff of Daivoon in the situation where I am incapable of making decisions, to do everything necessary on my behalf. I will pay all expenses, should they exceed my insurance cover. 4. I agree to treat the equipment rented to me with due care and attention. In case of damage, pollution (e.g. urine), or loss, as a result of my carelessness, I agree to meet the cost of replacement, repair or additional cleaning. 5. I acknowledge that the Dive Centre does not accept liability in the case of theft, damage or loss of private property whether from the Centre, Dive Site or in the water. 6. The minimum age for open water dives is 8 years. For minors, it is necessary that a parent/guardian gives written consent. 7. During diving activities the instructions of the diving instructors or centre staff members must be adhered to. 8. If a dive is abandoned for reasons outside of the control of the diving centre, there is no right to claim a refund, this also applies diving courses. 9. I acknowledge that safe diving practice precludes solo diving and agree to stay with my appointed buddy during all aspects of the dive. 1. I agree to abide by all local laws for the protection of the environment and specifically not to collect any living plants or animals, not to hunt or harpoon. 1. Diver Medical | Participant Questionnaire

Recreational scuba diving and freediving requires good physical and mental health. There are a few medical conditions which can be hazardous while diving, listed below. Those who have, or are predisposed to, any of these conditions, should be evaluated by a physician. This Diver Medical Participant Questionnaire provides a basis to determine if you should seek out that evaluation. If you have any concerns about your diving fitness not represented on this form, consult with your physician before diving. If you are feeling ill, avoid diving. If you think you may have a contagious disease, protect yourself and others by not participating in dive training and/or dive activities. References to "diving" on this form encompass both recreational scuba diving and freediving. This form is principally designed as an initial medical screen for new divers, but is also appropriate for divers taking continuing education. For your safety, and that of others who may dive with you, answer all questions honestly.

Directions

Complete this questionnaire as a prerequisite to a recreational scuba diving or freediving course.

Note to women: If you are pregnant, or attempting to become pregnant, do not dive.
